Značilnosti izdelka:

- Quick and easy pairing with wired products (connected switch with dimmer option, connected power outlet, connected micromodule, or connected cable outlet)
- LED indicator with low battery warning
- Supplied with a replaceable battery with an 8-year life
- 2.4 GHz radio technology
- Anthracite

Priporočila / omejitve

- To add your wireless double light switch to your connected installation, you first need to purchase and install a Living Light with Netatmo connected starter pack, as well as one or more Living Light with Netatmo connected switches, power outlets or lighting micromodules

Prednosti montaže:

- Extra-slim, the double wireless light switch is attached to a wall with the adhesive pads provided. It can therefore be repositioned. Can also be screwed onto a flush-mounting box.

Prednosti uporabe:

- Pair up to 40 dimmer switches, lighting micromodules or power outlets (20 per double switch button) and control them all with a single press on the wireless switch.
