LEGRAND

PIR mid range sensor DALI

REF. 048968 | EAN KODA. 3414972095716

> [The product details page](#)

Značilnosti izdelka:

- PIR detection 360°, range Ø15m at 2,5m high
- IP 40
- Dimming DALI control (up to 20 ballasts)
- switching control 10A
- Standby consumption: 0.8 W

Priporočila / omejitve

- Recommended init operation with configuration tool during installation step

Prednosti montaže:

- Pluggable connectors to reduce installation time
- Precise on-site adjustment using configuration tool
- Cat.No 0 882 40

Prednosti uporabe:

- Maintained illuminance (dimming in accordance to presence natural light) optimizes user comfort and energy saving

Edinstvene značilnosti:

- Can be used with push-button Cat.No 0 770 40 for vacancy mode (manual switch-on and manual or automatic switch-off)
- The high performance faceted lens is suitable for use in open plan spaces or where a larger detection range is required
- Configuration tool managing setting files for product init through preset files, saving and sharing configuration, comparison of product settings
