Priporočila / omejitve

- To connect your connected switch with neutral (with dimmer option), it is necessary to purchase and install a Living Light with Netatmo connected starter pack beforehand. To control it as a 2 way switch, it is necessary to associate one or more Living Light with Netatmo wireless commands to it and / or wire it with a mechanical push button.

Prednosti montaže:

- The Living Light with Netatmo connected switch with neutral (with dimmer option) is easily installed in place of an existing switch and requires a standard depth flush mounting box (40mm). Compatible with claw frames. Does not require the installation of a bleeder

Prednosti uporabe:

- Control your lights with your voice using a vocal assistant

Edinstvene značilnosti:

- Perfect aesthetic integration with the installed wiring devices
- Using ON/OFF mode, compatible with all type of loads, dimmable or not
- Very easy to use with multi-zone ergonomics
